eBusiness Operations Office at eGov 2003

The DON eBusiness Operations Office will be exhibiting and presenting at eGov 2003. The conference "…provides a unique forum for government and industry professionals to discuss strategies, explore new technologies, and identify solutions for today's public sector challenges." The conference will be held from 9 June – 12 June 2003 in the new Washington Convention Center, Washington, DC.

The eBusiness Operations Office will be exhibiting several of its latest innovative solutions at booth number 317. Exposition hours are from 10:00 AM – 4:00 PM on June 11th and 12th.

In addition, Karen Meloy, Deputy Commander of the DON eBusiness Operations Office, will be presenting Wednesday June 11 at 1:15 PM. The topic is "Funding – Traditional and Alternate Strategies".

The eGov Conference and Exposition offers a tremendous opportunity for IT professionals, both in the public and private sectors, to collaborate and network on ideas focused on improving government operations. For more detailed information, please visit the eGov 2003 website at http://www.e-gov.com/events/2003/egov/. We look forward to seeing you there!
